

EP5

Phantom Full-Color Precision Cutting EP5 Five-Color Edition. Phantom Full-Color Precision Cutting EP5 Five-Color Edition is an innovative waterproof cutting luminaire. As a feature-rich all-in-one color light model, it delivers uniform light mixing and infinite color variations, with precise color temperature adjustment ranging from 1800K to 10000K. Equipped with a high-quality optical system, it produces uniform light spots and sharp imaging. The focusing system supports a 20°-40° range with precise angle positioning. Its flexible integrated cutting system shapes light beams to realize precise light and shadow sculpting on illuminated objects. The dramatic dimming effects satisfy the stringent lighting demands of professional use. A built-in rotating gobo wheel can project custom patterns and textures. The luminaire features an IP66 waterproof rating. It is suitable for venues requiring precision lighting, such as heritage buildings, corrugated structures, plaques, sculptures, live-action performances, cultural tourism venues and theme parks.

EP5

TECHNICAL PARAMETERS

Rated Power
400W

Light Source
400W RGBAL

Angle
20°-40°

Functional Effects
Display panel control (static mode); 0-25Hz stroboscopic

Cutting System
Equipped with 4 built-in cutting blades, capable of cutting graphics of various sizes and shapes freely

Channel Modes
HISC(8CHS), SIMPLE(8CHS), COLOR MODE 8BIT(11CHS), COLOR MODE 16BIT(17CHS)

Focusing
Linear focusing function

Product Dimensions (L*W*H)
810x344x273mm
